Portfolio: mayanvie.github.io · case studies and how I work

SUMMARY

I design and deliver onboarding for people who get quietly stuck at the start of a new role: SOPs, job aids, and short programs built from what I observe on the floor. I have also supported hiring and trained new staff directly. 2+ years across creative, exhibition, and food-service settings, with a background in content, facilitation, and tutoring. I use AI tools (Claude, Grok) to speed up content work.

EXPERIENCE

Chau Gia Food

7/2026 - 9/2026 (2-month traineeship)

Operations Trainee

- After noticing inconsistent training across shifts, wrote **SOPs and training documentation** for three front-line roles (order, cashier, service); approved by the manager for use
- Ran daily inventory counts across the store and central warehouse, feeding daily sales and revenue reports built in Excel

TOA Exhibition

6/2025 - 12/2025

Art Experience Guide

- Designed a **7-day onboarding program** for new guides from floor observations, covering learner analysis, learning objectives, and role-play assessments (reconstructed case study, not yet piloted). See the [case study](#).
- New guides picked up daily procedures and visitor service standards with support during onboarding
- Led live sessions for groups of 5–50 visitors on exhibition content and visitor flow in a fast-paced setting; also sold Vietnam-branded souvenir products at the front counter

Mamoon Vietnam - The Creative Play | mamoon.vn

10/2023 - 1/2025

Content & Internal Training Specialist

- Wrote the studio's first **onboarding SOPs, job aids, and internal proposals** for a team of 3–5 part-time staff, and **trained new staff directly** alongside my manager
- Supported the **hiring process** with my manager: posting job ads, screening and evaluating candidates, contacting them, interviewing, and hosting them on the day
- Wrote educational and cultural guide content, plus how-to blog posts, based on the studio's coloring-art products, helping customers use them for learning purposes
- Ran Mamoon Creative Hub, a ~50-member Facebook community for artists, parents, and others interested in educational product development for children
- Managed the monthly content calendar (Canva, Asana; Facebook, Instagram, TikTok) and ran 1–2 workshops a month, covering participant lists, attendance, on-site sales, and post-event reports
- Handled order support on the website and Shopee end to end, including writing the return/exchange policy and tracking complaints through to delivery; also managed warehouse stock and prepared POSM

MAC English + Independent

2022 - Present

English Teaching Assistant & Private Tutor

- Progress for around 20 learners per class was tracked closely, working with lead teachers to adjust instruction when needed
- Two students received individual tutoring over periods ranging from 3 months to 3 years, with lesson plans adapted to each one's level and pace

EDUCATION

Bachelor of Cultural Studies

University of Social Sciences and Humanities – Vietnam National University HCMC

CORE SKILLS & TOOLS

L&D: Onboarding design · Learner needs analysis · Facilitation & direct staff training · Content development (guides, blogs, learning materials) · Learner experience & class quality support · Instructor/expert coordination · Learner feedback & completion tracking

Operations: SOP & job aid development · Recruitment support (job posting, screening, interviewing) · Training logistics · Documentation & reporting · Process standardization · Cross-functional coordination · Order & customer issue management

Tools: Canva · AI tools (Claude, Grok — completed Claude 101) · GitHub (portfolio) · Notion · Asana · Google Workspace (Sheets, Slides, Forms) · Excel · MS Office

Languages: Vietnamese (Native) · English (TOEIC 750) · Mandarin Chinese (Conversational)

Additional: Hands-on retail/product sales experience (souvenir sales at TOA; coloring-art product sales at Mamoon workshops)
